## PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building responsive web interfaces and applications using React, TypeScript, JavaScript, and modern frontend technologies. Experienced in translating UI/UX designs into functional products, integrating APIs, debugging web applications, optimizing user-facing experiences, and collaborating with design and engineering teams. Strong foundation in frontend development with working knowledge of Node.js, Express.js, MongoDB, Firebase, Git, AWS, and Vercel.

## TECHNICAL SKILLS

**Frontend:** React.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap, Chakra UI

**State & Data:** Redux, Firebase

**Backend:** Node.js, Express.js, MongoDB

**Tools & Deployment:** Git, GitHub, Vercel, AWS, Postman, WordPress

## PROFESSIONAL EXPERIENCE

### NimbleByte Global, Nigeria — Frontend Developer | Nov 2025 – Apr 2026

- Troubleshooted frontend processing issues and refined code to improve user-facing loading performance.
- Collaborated with designers to translate interface designs into efficient, technically sound implementations.
- Restyled and maintained web templates using CSS, JavaScript, and backend technologies where required.
- Deployed and hosted websites using AWS.

### SQi College of ICT, Ogbomoso — Software Development Assistant Instructor | Apr 2025 – Nov 2025

- Assisted software instructors in delivering coding lessons and practical workshops.
- Provided one-on-one and group support on programming concepts and student projects.
- Graded assignments, provided feedback, and tracked student progress.
- Mentored students on coding best practices and problem-solving techniques.

### Expansion Cyber Technologies, Osogbo — Frontend Developer | Apr 2024 – Sep 2024

- Built responsive layouts and interfaces focused on usability and user experience.
- Tested application APIs to verify functionality, security, and ease of use.
- Restyled and maintained interfaces using React.js, TypeScript, JavaScript, Redux, Tailwind CSS, and Material UI.
- Used Git for source-code version control across projects.

### Digital Creative Dev. Nigeria, Lagos — Frontend Developer | Jan 2024 – Apr 2024

- Worked with UX/UI designers to translate design mockups into functional web pages.
- Built mobile-compatible web interfaces using React.js and TypeScript.
- Debugged and resolved application issues through systematic testing.
- Developed responsive interfaces with cross-browser compatibility in mind.

### Deebezt Technologies, Lagos — Frontend Development Intern | Jun 2020 – Mar 2021

- Resolved frontend support issues and technical problems reported by clients.
- Worked with Bootstrap, Tailwind CSS, Chakra UI, and Material UI for responsive interfaces.
- Translated user-experience feedback into application updates.
- Designed and implemented email templates and newsletters for marketing campaigns.

## SELECTED PROJECTS

### NUMACE Learning Platform — React, Node.js, MongoDB, Firebase, Cloud Storage

Learning platform involving tutor/student workflows, authentication, API integration, learning materials, and cloud-based file management. Contributed to frontend and full-stack implementation with emphasis on responsive user experiences and practical product workflows.

### TrashCycle — React / Web Application

Built a responsive web application focused on delivering a clear, accessible user experience across desktop and mobile devices.

### **NimbleBash API — Node.js, Express.js**

Backend API project demonstrating server-side development, API design, and integration with web applications.

## **EDUCATION**

**Federal Polytechnic, Ede, Osun State** — Higher National Diploma (HND), Computer Science | Nov 2018 – Jun 2023

**National Youth Service Corps (NYSC)** | Oct 2024 – Nov 2025

## **ADDITIONAL STRENGTHS**

Problem solving • Attention to detail • Collaboration • Teamwork • Task management • Meeting deadlines • Creativity
